

Francisco Pinto

MSc Student in Oncology / Biomedical Research

Porto, Portugal | +351 919 272 586 | kiko2003pinto@outlook.com | francisco.pinto@i3s.up.pt | linkedin.com/in/francisco-pinto-b805bb292

SUMMARY

MSc student in **Oncology** with a BSc in **Medicinal Biotechnology** and research experience in cancer biology and biomedical research. Currently a research member of the **Expression and Regulation in Cancer (ERIC)** group at i3S, participating in the **Brownie** research project within the scope of the MSc thesis. Experienced in mammalian cell culture, Western blotting, cell viability and cytotoxicity assays, and immunostaining techniques.

EDUCATION

ICBAS – Instituto de Ciências Biomédicas Abel Salazar, University of Porto <i>MSc in Oncology</i>	Porto, Portugal 2024 – 2026 (ongoing)
Escola Superior de Saúde – Polytechnic Institute of Porto <i>BSc in Medicinal Biotechnology</i>	Porto, Portugal 2021 – 2024

RESEARCH EXPERIENCE

Research Member – Expression and Regulation in Cancer (ERIC) Group <i>i3S – Instituto de Investigação e Inovação em Saúde, University of Porto</i>	2025 – Present Porto, Portugal
--	-----------------------------------

- Participant in the research project “**Brownie**” within the scope of the MSc thesis.

Research Intern – Undergraduate Internship <i>REQUIMTE/LAQV – Instituto Superior de Engenharia do Porto</i>	Apr 2024 – Jun 2024 Porto, Portugal
---	--

- Participated in a research project focused on **algae and microplastics**.

TECHNICAL SKILLS

Cell Biology: Mammalian cell culture, Cell viability and cytotoxicity assays
Protein Analysis: Western blotting, Polyacrylamide gels
Imaging / Staining: Immunostaining techniques
Research Areas: Cancer Biology, Metabolism and Oncology

SCIENTIFIC INTERESTS

Cancer Biology | Metabolism and Oncology

LANGUAGES

Portuguese: Native
English: Professional working proficiency
